

## **“The Garden” Theme Song**

To the northeast  
Snowcapped peaks o’r  
Forests old  
Hope in heart to  
Overcome death  
The Power calls, and churns below

Down into the  
Depths of us to  
Find the door  
Magic’s birthplace  
Guarded well, but  
The Hunger grows, yearns for more  
Within the Garden’s core!

Force o’r descension  
Echoes are chasing  
Into the Garden gates  
We stay wrath ascending

Far beyond the  
Twisting chasm  
Into the fray  
Annihilation  
Creeping close, go!  
Before our world slips away  
Forward still to save us all!

Force o’r descension  
Echoes are chasing  
Into the Garden gates  
We stay wrath ascending

Reddened eyes burn brighter still  
As relics past are wakening  
In our hands, the world we know  
No more allowed this suffering!

Vast this dream,  
Awakening

Force o’r descension  
Echoes are chasing  
Into the Garden gates  
We stay wrath ascending
